EMI/RFI COMPONENTS

All Partnerships

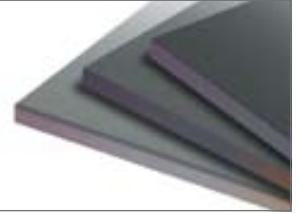

AR, USA

- Antennas
- Bent Element Antennas
- High Gain Horns
- Antenna Accessories and Mounting

Cuming Microwave, USA

- RF Absorber Materials
 - Lossy Carbon Foam
 - Magnetic Silicone Materials
- Anechoic Chamber Materials

Dongshin Microwave, CHINA

- RF Absorbers
- Anechoic Chamber Materials

(주)이엠솔루션스
ELECTRO MAGNETIC SOLUTIONS INC.

EMS - EM-Solutions, KOREA

- EMI Shielding Fabric
- EMI Shielding Foam Gaskets
- EMI Shielding Tapes

FDK Corporation, JAPAN

- Noise Suppressions
 - Filters
 - Ferrites
 - Sheets

KnitMesh Technologies, UK

- Shielding Products
 - Wire Mesh Gaskets
 - Air Vent Panels

NK Corporation, KOREA

- EMI Shielding
- Absorbers
- RFID Products

Chomerics - Parker Hannifin Corporation, USA

- EMI Shielding

T.C. Shielding, UK

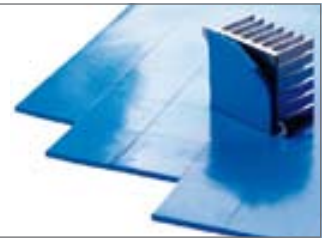

- Shielding Products
 - Conductive Elastomers
 - Duo Seal Gaskets

THERMAL PRODUCTS

- AOK -**
Shenzhen Aochuan Technology, CHINA
- Thermally Conductive Gap Fillers
 - Thermal Grease
 - Thermally Conductive Insulators
 - Phase Change Material

- ShinEtsu Silicones, JAPAN**
- Thermal Conductive Silicones
 - Rubber Composite Products
 - Heat-Shrink Rubber Tubings

- SPX Flow Technology, USA**
- Cable and Waveguide Dehydrators
 - Compressed Air Dryers

- UnitedPRO, TAIWAN**
- DC Fans
 - AC Fans
 - Blowers

INSULATION

- Intertape Polymer Group, USA**
- Polyester Film & Laminates
 - Glass Filament & Cloth
 - Polyimide Film
 - Powder Coating
 - Paper Electronic

INTERCONNECT

- Shin-Etsu Polymer, JAPAN**
- Rubber Contacts
 - Zebra Connectors
 - Display Connectors
 - Test Sockets

- Telegärtner, GERMANY**
- Coaxial Connectors
 - Networking Components
 - Cable Assemblies
 - Precision Turned Parts

Compomill is an innovative, industry-leading trading company with a strong focus on design-in of products and systems. We develop and provide components and test systems to customers found among several major brands and industries in the Nordic and Baltic region, focused in the manufacturing, telecom, defense and test-measurement segment. With our customer-focused product development and professional service offering, we deliver solutions that meet the highest standards of both technical performance and design. Compomills head office is placed in Stockholm, Sweden with three (3) sales offices in the Nordic region. We represent over 60 well-known suppliers from around the world.
